

Selected Award Paper Abstracts

DAY 1

1. Clinical relevance of skin biopsy in skin lesions of leprosy at the end of fixed duration who multi-drug therapy (MDT): an ambispective observational study
Author : Dr. Jyoti Sethi
2. When the edge fights back! Nail spicules after ingrown toenail procedures
Authors : Dr. Pal Tiasa, Dr. Grover Chander
3. Syphilis at your fingertips: decoding nail changes in the great imitator
Authors : Dr. Pal Tiasa, Dr. Singal Archana
4. Unmasking gardner diamond syndrome: diagnostic insights from autoerythrocyte sensitization test
Authors : Dr. Sreechithra C, Dr. Anuj Bhatnagar, Dr. Pankaj Das
5. Mucoscopy in connective tissue disorders: a cross-sectional study of vascular and pigmentary patterns in mucosa
Authors : Dr. Jamyang Choden, Dr. Anuj Bhatnagar, Dr. Varghese Koshy, Dr. Pankaj Das
6. A cross-sectional pilot study evaluating the histopathology of atrophic acne scars with a focus on the vertical depth of ice pick, box car and rolling scars and its implications in skin of color.
Authors : Dr. Abhinav Bansal, Dr. Kabir Sardana, Dr. Purnima Paliwal, Dr. Ananta Khurana, Dr. Savitha B
7. Decoding peripheral arterial disease in the elderly: a cross-sectional, observational study of nailfold capillaroscopy changes in fingernails and toenails
Authors : Dr. Tavneet Kaur Makkar, Dr. Chander Grover, Dr. Deepika Pandhi

DAY 2

8. Efficacy, safety and patient reported outcomes of scalp micropigmentation in scarring alopecia - a prospective interventional study.
Authors : Dr. Shubham, Dr. Jasleen Kaur, Dr. Pooja Bains
9. Clinical dermoscopic histopathological and correlation of benign melanocytic nevi : descriptive study
Author : Dr. Lalita Kumari
10. Clinico-epidemiological and histopathological correlation of cutaneous malignancies in a tertiary care facility in eastern india: a cross-sectional study.
Authors : Dr. Moparty Pavani Aiswarya, Dr. Shini Choubey, Dr. Debasmita Behera
11. Double the impact: dermabrasion plus tofacitinib in localised stable vitiligo
Authors : Dr Arshpreet Singh Sidhu, Dr Sumir Kumar
12. Comparative evaluation of fractional CO2 laser with and without platelet-rich plasma (PRP) in the treatment of acne scars: a split-face study
Authors : Dr. Nikhil Sharma, Dr. V.K. Garg
13. Enhancing accuracy of leprosy classification : dermoscopic-histopathological correlation study from a tertiary care center in north india
Authors : Dr. Harmandeep Kaur, Dr. Sumir Kumar
14. To ‘B’or not to ‘B’ - bridging dermatology and oncology by unravelling cutaneous manifestations of lymphomas - a case series
Authors : Dr. Aadhil Bin Abdul Azeez, Dr. Malcolm Pinto

DAY 3

15. Unmasking the great mimicker: how salt-split immunofluorescence solved a diagnostic puzzle in bullous lupus erythematosus
Author : Dr. Jeffy Mary Mathew
16. Rare coexistences in acantholytic disorders
Author : Dr. Vyshnavi Chandra Pai M. O
17. Exploring uncharted waters : refractory hidradenitis suppurativa with cutaneous crohn’s disease
Authors : Dr. Basma Mohammed Basheer, Dr. Pradnya Joshi
18. Herpes zoster unmasking cutaneous mucormycosis in a diabetic patient
Authors : Dr. Damanpreet Kaur, Dr. Ragunatha Shivanna
19. Bowen’s disease of nail matrix presenting with longitudinal melanonychia: a case report
Authors : Dr. Hemant Soni, Dr. Archana Singal, Dr. Chander Grover, Dr. Sonal Sharma
20. Touched by silver: a case report on a child with silver hair
Authors : Dr. Divyang Mongia, Dr. Anuradha Priyadarshini, Dr. Adikrishnanan S
21. Xeroderma pigmentosum mimicking xp variant; with novel gene mutation and scc in early childhood
Authors : Dr. Tahura Fatima Ahmad, Dr. Vishal Pal, Dr. Vijay Gandhi
